EXPO LARPET 2025 EXPERIENCE

The Latin American Expo on Refining, Petrochemicals, and Transition Energy 2025 is the premier meeting point for leaders, specialists, and suppliers in the energy and petrochemical sectors across Latin America and the Caribbean. With a global perspective, it will feature the special participation of distinguished international guests.

This gathering brings together the most influential figures in the industry, including representatives from leading companies, government sectors, and institutions. Expo LARPET 2025 serves as a strategic platform to address the current and future challenges of the sector, fostering the exchange of ideas and the identification of opportunities that drive the transformation towards a more sustainable, efficient, and competitive model.
