

FORO LARPET 2025

***LATIN AMERICAN FORUM ON REFINING,
PETROCHEMICALS AND TRANSITION
ENERGIES.***

***Mexico City, Mexico
Sheraton María Isabel Hotel
July 16-18, 2025***

LARPET EXPERIENCE

The Latin American Refining, Petrochemicals, and Energy Transition Forum 2025 is a key convergence event for leaders, specialists, and suppliers in the energy and petrochemical sectors across Latin America and the Caribbean.

This gathering brings together the most influential figures in the industry, including representatives from companies, government sectors, and institutions. It addresses both current and future challenges, exploring opportunities that drive transformation towards a more sustainable and efficient energy sector.

LARPET EXPERIENCE

This gathering will bring together the most influential figures in the sector, including representatives from companies, government sectors, and institutions. It will address current and future challenges, exploring opportunities that drive transformation toward a more sustainable and efficient industry.

The program is aligned with the most relevant industry trends and global sustainability goals. The topics covered include:

- 01 New Developments, Energy Efficiency, Sustainability, Co-processing, Safety, Operational Excellence, and the Integration of Petrochemical and Refining Industries.
- 02 Advanced Technologies in Catalysts, Chemicals, and Process Equipment, including the Use of Artificial Intelligence and Collaborative Automation.
- 03 Energy Landscape Perspectives, covering Biofuels, Decarbonization, Transition Energies, and Water Footprint.

ADDING TO YOUR SUCCESS

LARPET Forum offers a combination of interactive activities and networking spaces designed to maximize the technical, strategic, and business benefits for attendees.

- 01 Keynote Conferences: Presentations by international experts and industry leaders.
- 02 Analysis and Debate Panels: Spaces to discuss sector challenges and present innovative proposals.
- 03 Technical Conferences: Specialized presentations on advancements, best practices, and innovative solutions in specific areas.
- 04 Specialized Workshops: Hands-on sessions focused on case studies and emerging technologies.
- 05 Business Meetings: Personalized agendas to foster networking and the creation of strategic alliances.
- 06 Industrial Exhibition: Exhibitor stands showcasing products, services, and technological solutions.
- 07 Cultural Event

FORO LARPET 2025

The Latin American Refining, Petrochemical, and Energy Transition Forum 2025 is not just an event; it is a unique opportunity to be part of the transformation of the energy sector in the region.

The industry is experiencing unprecedented disruption, driven by the need to become more efficient and sustainable. This forum provides the perfect platform to anticipate trends, gain valuable insights, and establish strategic relationships that will shape the energy future of Latin America and the Caribbean.
